ELKS ENTERTAIN IN THE NEW HOME

Over Five Hundred Attend
Public Reception.

Elegant Building, Lavish Decorations,
Beautiful Music, Charming
Women.

ARE FURNISHED ATTRACTIVELY

When the last name had been written on the register at the Elks' reception last evening, 500 persons had enjoyed the lavish hospitality of the Elks between the hours of 7:30 and 11 o'clock. The home is a thing of beauty and certainly will be a joy forever to the lodge.

The natural attractiveness of the Elks' home was heightened by decorations and the climax capped with music. The decorations were in the lodge colors of purple and white, palms, flowering plants and in the punch room, carnations, the souvenir of the evening, were used in profusion.

The entire building was thrown open to the public. Of the first floor the register was at the left as one entered and scattered over the entire floor, were the reception committee. To the right of the billiard room, punch and cake were served by charmingly gowned young women and the bowl was ever full. The ceiling of the billiard room probably is not surpassed in the city for artistic appearance and the furnishings throughout the building are in perfect good taste.

Upstairs, the lodge room revealed a condition which might be described as scrupulous neatness. There was not a single unharmonious note in the furnishings of the room. This room has a height of two stories. In the front of the lodge room, is the lounge room where the members may go at any time in the day or night and find quiet in luxurious surroundings. To the right of the lounge room is the secretary's office. On the third floor are several rooms not yet in use by the lodge. There are toilets on both floors.

The stiel room down stairs attracted much attention from its complete execution of that idea. The room where the refreshments were served is the dining room and in back of the dining room is the billiard room. The tables in the billiard room are the best.

The afternoon reception largely was attended by women. For them both morning and evening it was a full dress occasion and their presence gave the finishing touch to the scene of color and sparkle.

The furniture in the building was furnished by F. N. Gardner & company and Rhodes-Burford company. The carpets came from L. B. Ogilvie & company and Rudy-Phillips & company. The linen was from Guthrie's. Brunsdon decorated and King's orchestra played.

The committees in charge were: Reception Committee, Charles Wellie, chairman, and Messrs. J. D. Robertson, John T. Donovan, Will H. Farley, Rodney C. Davis and Thomas B. Harrison.

House Committee, A. W. Greff, chairman. Messrs. R. D. Clements, Earl Walters, R. T. Lightfoot and George R. Davis.

The ladies, who received and added the touch of feminine charm to the occasion were:

Afternoon—Mrs. Robert Phillips, chairman; Mrs. Will Farley, Mrs. Armour Gardner, Mrs. James Wellie, Mrs. R. D. Clements, Mrs. Henry Rudy, Mrs. George Flournoy, Mrs. A. R. Meyers, Mrs. Campbell Flournoy, Mrs. Phil Stewart, Mrs. Louis S. Levy, Mrs. Clarence Sherrill, Mrs. Hughes McKnight, Miss Anna Webb, Evening—Mrs. Thomas C. Leech, chairman; Mrs. Victor Voris, Mrs. Birdie Campbell, Mrs. I. D. Wilcox, Mrs. Mitt Cope, Mrs. Louis S. Levy, Mrs. Jake Wallerstein, Mrs. William McGary, Mrs. R. T. Lightfoot, Mrs. George C. Wallace, Mrs. I. Reynolds, Mrs. James Wellie, Mrs. R. D. Clements, Mrs. Henry Thompson, Mrs. John Keller.

Young Ladies—Miss Lizzie Sinnott, chairman; Misses Caroline Sowell, Ruth Well, Vera Johnson, Mary Scott, Sophia Kirkland, Myrtle Greer, Manie Cobb, Irma Scott, Faith Langstaff, Miss Taylor, of Frankfort, Ky.; Miss Kinney, of New York City; Frances Wallace, Pauline Purcell, of Lexington, Ky.; Martha Davis.

Classman Starts Feud. Brookhaven, Miss., Oct. 31.—As a result of the production of "The Classman" in this city, last week, and threats circulated by whites that a klunkian plan was being organized here to drive negroes from the community, the blacks are said to have formed themselves into a band of whitecaps, and already have started a series of depredations on the whites.

KICKED BY HORSE WHILE IN BUGGY

Mrs. Gilmore At Last Was
Thrown Out.

Alighted, Still Seated on Cushion,
While the Horse Demolished
the Vehicle.

QUEER ACCIDENT YESTERDAY.

Mrs. Luella B. Gilmore, wife of Mr. Carl Gilmore florist at the Brunson flower gardens in Rowlandtown, was seriously injured yesterday afternoon in a runaway near Brunson's hot houses. She was thrown from the buggy in which she was riding, and alighted on the street in a sitting posture on the cushion. The horse kicked her several times on the body.

The accident was due to the horse making a sharp turn which nearly upset the buggy. Mrs. Gilmore was alone, and fearing the buggy would be overturned, started to jump. She was not successful and her action frightened the horse. It ran away. When the buggy struck the street car tracks it careened and Mrs. Gilmore was thrown out. The horse continued to run and before it was stopped overturned and demolished the buggy.

Mrs. Gilmore was struck on the body by the horse's hoofs. She was unable to leave the buggy on account of the speed, and suffered several hard kicks from the thoroughly frightened horse. This morning she is reported resting easy.

Surrounding the Utes.

Billings, Mont., Oct. 31.—Telephone messages from Arvada, Wyo., this afternoon, stated that the renegade Utes are entrenched in a strong position in the hills adjacent to Arvada and that the Tenth and Sixth cavalry troops are reconnoitering preparatory to closing in on the red skins. Apparently the object of the troops is to awe the Indians with a display of superior force and thus secure a surrender, without bloodshed.

Majority of Sixty.

New York, Oct. 31.—The Republican congress campaign is a contest that the next house of representatives would have a Republican majority of at least 60. In the great Roosevelt presidential sweep of 1904 a majority of 114 was rolled up, but the campaigners this year say that such a majority was phenomenal.

Pistol Continues Shooting.

Guthrie, Okla., Oct. 31.—Gen. Cook, living near Sayre, met a peculiar death today. Intending to butcher a calf, he shot the animal with an automatic revolver and then replaced the weapon in his hip pocket. The revolver kept on shooting until emptied, five bullets taking effect in Cook's body.

Women Turn to Help Husk.

Topeka, Kan., Oct. 31.—Kansas can use 10,000 corn huskers. In many communities women have gone into the fields to help. They husk corn more readily than men.

Tall and Weighed Less Than

Richmond, Ky., Oct. 31.—William Vaughn, known throughout the United States as the "Living Skeleton," was buried here today. Vaughn was six feet, five inches tall and weighed less than 50 pounds. He traveled in almost every country in the world with shows.

No More Capital Punishment.

Paris, Oct. 31.—Capital punishment is doomed in France. There will be no more executing for crime. At a cabinet meeting it was decided that the death penalty should be abolished and a law to this effect will be enacted properly. No surprise was created by the cabinet's action.

It is the daily average circulation of a newspaper that the shrewd advertiser investigates. "High Water" days don't count. The Sun's daily average last month was 3939.

MARTYR

WAS CZOLGOSZ ACCORDING TO
RED SPEAKERS.

Emma Goldman and Nine Others Arrested at Meeting Last Night in New York.

New York, Oct. 31.—Emma Goldman and nine other persons were arrested at an anarchistic meeting last night. The police pushed their way through the crowd toward the speakers' stand and arrested Julius Edelson. As they did so there were shouts of "down with the police—kill the police they are worse than Russian police."

Edelson was charged with inciting to riot and others with disorderly conduct. According to the police Edelson in his speech declared among other things:

"No matter how much Czolgosz has been damned for his good work we know he was a great man. He was a true hero. American laws are all made for bluffing. The people of America are worse bluffed than those of Russia."

AT THIEVES

LOUIS HARRIS FIRED BUT HE
MISSED THEM.

Heard Noise in Chicken Coop and Investigation Revealed Their Presence.

Chicken thieves visited the residence of Louis Harris, 320 North Fifth street last night, and received three shots in greeting. The bullets missed their mark, but the thieves were awakened by noises in his back yard. He secured his pistol and investigated. The thieves were inside his chicken house. He stood on his back porch and waited for them to emerge. He sent the bullets in quick succession after them, but they missed.

BENT ON HAVING JUNIOR PROM

Wisconsin Students May Hold Independent Function in Town.

Madison, Wis., Oct. 31.—Leading fraternity men have made plans for holding an independent "junior prom" in a hall downtown if the faculty decides to forbid that function. Further social troubles are expected in the university by the dancing clubs ignoring the request of the social committee of the faculty to cease dancing at midnight and to have a chaperon. The proposed dance will run till 1 o'clock and are otherwise independent.

KENOSHA REFORMERS MENACED

Gamblers Said to Have Threatened Violence to Well Known Men.

Kenosha, Wis., Oct. 31.—It was reported to the district attorney today that prominent gamblers of the city had threatened personal violence to J. H. Karnes and Frank Symonds, leaders of the Civic Federation. Karnes, it is claimed, has been threatened with death. Menacing letters have also been sent to other members of the federation. The district attorney is investigating the matter.

BAILEY ON HEARST

TEXAS SENATOR GIVES OPINION
OF NEW YORK PUBLISHER.

He Is "Moral Pervert and Political Degenerate," "Ishmaelite" in Civil Life of the Nation.

Dallas, Tex., Oct. 31.—In his speech at Brownwood yesterday Senator Bailey excoriated Mr. Hearst. He quoted the Democratic nominee for governor of New California as having denounced Hearst because the New Yorker "buys men, and when his money bags will not answer, resorts to the sandbag," and that he has done more to corrupt Democratic politicians than any man who ever took part in public life. Continuing, he said:

"They say I ought not talk about him because he is the Democratic nominee. If he had lived up to that doctrine he would have the right to invoke it. He is opposing the Democratic candidates for governor in California and has put up independent candidates in New York, where he happened not to like the Democratic nominees. He is a political Ishmaelite with his hand raised against every man and every man's hand raised against him. He is so bad that his candidacy would disgrace any election, his election would disgrace any office and his leadership would destroy any party. He is a moral pervert and a political degenerate."

NAVAL PROGRAM

WILL BE CARRIED OUT BY RUSSIAN ADMIRALTY.

Day of Celebration Passes Quietly in St. Petersburg—In Empire of Czar.

St. Petersburg, Oct. 31.—It was learned today that the Russian admiralty is determined to carry out the original program of reconstruction and enlargement despite the fact that the condition of the finances of the country have compelled a curtailment of the naval appropriations by \$11,000,000.

Seeing Things Again.

St. Petersburg, Oct. 31.—The Novoye Vremya, in a leading article today on Japanese-American relations, declares that "Yesterday's friends have begun to quarrel," and asserts that "an anti-Japanese agitation has been started in the United States in response to the anti-Americanism in Japan, causing a friction which may be easily fanned into war."

Day Passed Quietly.

St. Petersburg, Oct. 31.—The first anniversary of the proclamation of manifesto giving constitution to Russia passed in undisturbed quiet. Disorder and bloodshed were averted by strenuous efforts of the authorities. The workmen of St. Petersburg, always the most numerous element in any disturbance, complied absolutely to the orders of the labor organization and abstained from many celebration or demonstration.

MERCY

TEMPERED WITH JUSTICE IN
PADUCAH POLICE COURT.

Prisoner Released But Has Penalty Hanging Over His Head as Warning.

Police Judge E. H. Puryear has assessed heavy in the police for offenses, but he does not desire to have it said that he is "stone hearted," as he put it.

"Yes, Tom," he stated when Tom Ross was brought from the lockup before him this morning. "I will let you off this time, but I must see you behave in the future—as long as I am on the police bench."

Ross was yesterday fined \$10 and costs for disorderly conduct, and on petition of friends and his family the judge suspended the fine.

"Understand that this it not set aside," Judge Puryear explained further, "and if you are caught again drunk and disorderly, I shall punish you even more than I have."

Ross promised to do better and bowed himself out of the office.

DISCUSS ISSUES

MEETINGS TO BE HELD THREE
NIGHTS THIS WEEK.

Park Bond and Water Contract Will Be Thoroughly Explained Tomorrow Night.

Every issue before the people of Paducah in the present municipal campaign will be discussed thoroughly in three meetings to be held this week, the first at the city hall tomorrow night; the second at the court house Friday night, and the last at the market house Saturday night.

Tomorrow night Hon. Hal S. Corbett, Dr. D. G. Murrell, president of the board of park commissioners, and Aldermen Palmer and Miller, will speak on the water works contract and the park bond issue. The meeting is open to all who hold adverse opinions and the time will be shared with anyone who opposes their views. The meeting will be informal enough for discussion of the issues, and the speakers invite all doubters to be present and ask questions of them.

The same speakers will be in the circuit court room of the courthouse Friday night for the same purpose. At this meeting they extend the same invitation to discuss issues.

Saturday night at the market house the issues again will be presented finally.

WILL EXHUME BODY.

Physicians Will Examine Stomach of Mrs. Elrod.

Mrs. T. W. (Bud) Elrod, will be exhumed and an examination made of the stomach by physicians selected by the family in order that it be definitely known from what cause death came. Drs. L. E. Young, H. L. Smith and G. A. Hamlet will make the medical examination and Coroner Frank Baker will be present. He will hold an inquest. Attorney Eugene Graves and County Attorney Alben Barkley are witnesses to the exhuming and post mortem.

POLITICS MAKES ODD BEDFELLOWS

Who Are Wrapped Up In Dave
Cross' Blanket This Year.

Low Element of Colored Voters Seems to Be Alienated From the Republicans.

SITUATION IS UNFATHOMABLE

"Politics makes strange bedfellows" This is just an epigrammatic way of saying that every political campaign produces peculiar exigencies, which necessitate strange alliances.

The present municipal campaign is no exception—just a remarkable example, and it is causing apprehension in Republican ranks. The troublesome feature is the disaffection of the lower class of negroes, who are working for Dave Cross who, in turn, is holding meetings among them. This class is outspoken against Judge E. W. Bagby, and the worst fears of those who asked Judge Bagby to run are promised realization in the event Dave Cross is elected.

Whether Dave Cross has made promises to the element, which has flocked to his standard, it is impossible to learn from any source more authentic than the very disciples of Mr. Cross in question, and on their words it would be unfair to coovert say man.

One of the arguments they use, which they impute to Mr. Cross himself, asserting that he has held frequent meetings among them, is that Judge E. W. Bagby represented the steamer Dick Fowler in defending the suit for damages brought by negro passengers from Cairo to Brookport.

Dave Cross was urged on Mayor Yelver by the local ring to succeed the late Judge Sanders, but Mayor Yelver appointed Judge E. H. Puryear. The latter, by his attention to his duties has reduced the time of police court sessions to about 15 minutes and has greatly discouraged crimes of violence.

Judge Puryear was a candidate for the nomination but was defeated in a primary, representing a fraction of the Democratic vote. Many stayed at home, refraining from participating in a primary, the result of which was foregone. Judge Puryear was not notified of the fact that the primary officers had been selected until he got wind of it Saturday night just previous and called on a committee man.

The disaffection of the lower element of negro voters shows both to the better element of white people and the better element of colored people, that Democratic office seekers in the stress of campaign can be profuse in promises.

The police judgeship is an important office for the very reason that it deals with the lower class of criminals, colored and white, against which society must ever be on its guard. Any one who treats with this class, especially for the office of police judge, who has to pass on their crimes and misdeeds, is endangering the lives and property of all citizens white and colored.

FOR PARKS

RAILROAD MEN SEEM TO BE
LINED UP UNANIMOUSLY.

Read Cards of Park Commissioners and Endorse Plan for Financing It.

"Yes sir, I'm for the bond issue," was to be the general expression of railroad men this morning when The Sun reporter visited its shops. "We should have parks, and the scheme of the park commissioners seems to be an excellent one." The idea that the issue of \$100,000 for building parks will fall a heavy burden on the public is dispelled in a straightforward statement made in cards distributed yesterday, and the railroad men will vote solidly for the bond issue, from indications.

If the shoe fits it's a sure sign a woman will ask for a small size. It doesn't take the average man long to get short.

WEATHER—Fair tonight and Thursday. Rising temperature. The highest temperature reached yesterday was 52 and the lowest today was 33.

NEW POINT RAISED IN WATER CONTRACT

Term For Only 150 Hydrants
of 411 Expires This Year.

City Must Pay Rental for Hydrants Twenty Years From Date of Installation.

ALL INCLUDED IN NEW TERMS

"I am for the city buying the water works at some time, if not in 1909, the next period when it can, just as soon as it is able to, as I firmly believe the city should own its own water plant. However, the proposition of the city building a plant is as probable as that you could gather the stars from the heavens for me, if I should request it," said former Mayor James M. Lang to a Sun reporter today.

"What do you think of the water contract the council has put up to the people to vote on?" the reporter inquired.

"I don't see anything in it very objectionable. There is one big concession the water company is making in the contract that I have not seen mentioned and on which I think the people should be advised, and that is that, under the original contract with the water company, the city only had 150 hydrants, and the contracts for these 150 hydrants are the only ones that expire now. Under the contract the city agrees to buy water for each hydrant twenty years from the date it is installed. As an illustration, the contract for all hydrants put in this year run for twenty years, all hydrants put in last year for nineteen years longer and all for the year before eighteen years and so on. There are now 411 hydrants in use, and the expiration of the contracts for them run all the way from nineteen years down."

"So, you see, the water company is making quite a concession in the new contract, which says the company will waive these contracts and have all contracts expire at the end of eighteen years. That was a problem that perplexed me, when I was mayor, and this seems to be a good solution of it."

"Paducah has good water," continued Mr. Lang, "as an incident of my administration will show. I was very eager to extend the water to all parts of the city for the fire protection as well as the benefit of people who were wanting it, and we were making quite a lot of extensions when all at once the report became current that the water supply was bad and causing much sickness. The report was horrifying, as I thought, here am I doing something that is an injury to Paducah and its people. So I took samples of the water and sent them to two of the best chemists in the country and got their reports."

"You can imagine my relief when they came back flattering in every essential. One of the reports is on file over at the city hall now, and should be the source of pride and gratification to the water company. This was before the company installed the filtration plant, which should make the water better now than it was when I had the analysis made."

Mr. Lang is correct about the hydrant contract expiring at odd times from nineteen years down to one. Some of the aldermen when told of the interview with him pointed to the present book of ordinances and showed where the water franchise ordinance said that "the contracts for the first 450 hydrants should expire at the end of twenty years. But an investigation developed the fact that this was a typographical error. It should read 'the first 150,' as does the original ordinance and other copies of the ordinances."

MAYOR'S STATEMENT.

Says Trifling Negroes Must Leave and no Trouble Will Result.

Franklin, O., Oct. 31.—Mayor McLane made the following official statement today: "At a meeting last night 200 representative citizens determined to investigate the character of all negroes in town. Such as are good citizens will not be disturbed, but all trifling, lawless negroes must leave. There will be no trouble. No effort will be made to lynch the white murderer of Marshal Basore when he is brought here for trial."

Kewanee Man Takes Life of Alleged Assailant of Wife.

Kewanee, Ill., Oct. 31.—Edward Duthower was killed last night by a first blow on the head delivered by Bruno Saez. The latter says Duthower attacked Mrs. Saez in her yard and that, attracted by her screams he ran up and struck the assailant. Mrs. Saez corroborates this version of the affair. An inquest will be held tomorrow. Saez is under arrest.

MADE GOOD RECORD DID THE COUNCIL

That Is Why Candidates Will Be Re-elected.

Prominent Business Man and Democrat Sizes Up Situation in This City.

HONESTY IS TO BE REWARDED

The election is drawing near and the public is beginning to sit up and take notice. There is more interest taken in the election than the registration would indicate. Democrats all over the city are feeling blue. It is because they think that they have little or no show to win out, and they lay the blame directly to the blunders and laxity of the administrations of the past compared with the up-to-date energetic work of the present boards.

The Democrats are beaten, and they have only themselves to blame, a well-known druggist declared this morning. He is a Democrat first, last and always. He votes intelligently, however, and declared for Hon. E. W. Bagby for police judge, because he knows no one can influence him.

"When E. W. Bagby was prosecuting attorney, he made the best, as far as fairness was concerned, the city has ever had, and I believe he will make the same kind of judge that he did prosecuting attorney—fair to all. The Democratic party has been lax in many ways and this is what will kill the party's chances Tuesday. The Republicans have made a good showing, building a new sewer district and arranging for the building of a third, and the energy exhibited is appreciated. I am a Democrat but shall vote the Republican ticket, because I feel that the men on the ticket are for the city's interests."

Theatrical Notes

AT THE KENTUCKY.
Friday—Sylvia Lynden in "Her Own Way."
Saturday, Matinee and Night—"Piff, Paff, Puff."

Clyde Fitch's Love for Children. One of the happiest touches of Clyde Fitch's play "Her Own Way," which will be seen at The Kentucky on Friday night, is a group of children drawn with skill by Mr. Fitch. Mr. Fitch, always passionately fond of children and constantly making studies of them, has invested the little ones in this, his greatest play, with unusual charm. The boys are thorough-going boys and no milk-sops. The girls are women in miniature. The little tot Toots is the capricious ruler of the entire household. The great children's scene at the opening of the play has been called the greatest scene of the times seen in modern comedy.

B. C. Whitney's "Piff, Paff, Puff." There will be something doing all the time at The Kentucky Saturday matinee and night, after B. C. Whitney's musical cocktail, "Piff, Paff, Puff" is uncorked. It is fast, snappy, bright in manner, and the way it is thrown at the audience makes them feel like "Piff, Paff, Puff," says a noted reviewer. There is evidently no lagging in the performance, and spirited fun, music and frivolity may be counted upon during "Piff, Paff, Puff's" stay in town.

Among the songs are the following: "I'm the Ghost That Never Walked," "Love Love Love," "Dolly Dimple," "The Melancholy Sunbeam and the Rose," "Chingaling Fong," "Under the Goo-Goo Tree," "My Unkissed Man," "Cordelia Malone." The following stage favorites are among the principals: Henrietta Lee, Denman Mailey, Emilie Gardner, Charles P. Morrison, Olive Woolford, Harry Watson, Lulu McConnell, Fred Hornby, Lulu Wells, Chas. Purcell, Lillie Bloodgood, Louis London and others.

WHITE HOUSE HELPS HUGHES

Root Is to Take Stump and Presiding May Give Out Letter.

Washington, Oct. 30.—Postmaster General Cortelyou, back from a sojourn of several days in the Empire state, reached the White House early this morning, and for two hours discussed New York politics with President Roosevelt and Secretary of State Root. The president and his advisers do not take a gloomy view. They believe, however, that general apathy may defeat Hughes and during the remainder of the campaign every effort will be directed to arouse the conservative Republicans and Democrats.

Secretary Root is billed to speak at Utica next Thursday, and as a result of the White House conference today he will, in addition, do as much missionary work as possible to bring out a full vote.

It is expected that within a day or two the president will address a letter to State Chairman Woodruff, fully explaining his views, and this letter may be given publicity.

VANITY

From time immemorial moralists have railed at the vanity of woman. Here is a woman, and a beautiful one at that, who says that vanity is an imperishable instinct; that vanity, like love, is one of the great forces that makes the world go round; that to be vain is a duty to humanity and an essential of success.

It's an original view; what is your opinion? This defense of an old time sin is set forth in our new magazine—

BUFFALO BILL

AND PARTY MAY BE LOST IN BIG HORN COUNTRY.

Went on Hunting Trip Over Two Weeks Ago Before Terrible Blizzard Came.

Omaha, Neb., Oct. 31.—Fears are entertained for the safety of William F. Cody ("Buffalo Bill") and his party of 16, who left Cody, Wyo., on a hunting trip in the Big Horn mountains, October 14, and who, it is feared, may have been lost in the blizzard, which swept over the Rockies a week ago.

Included in the party are Colonel Stanley, of Liverpool, Eng., and three other Englishmen.

A letter was received at Cody, Wyo., early last week from Cody's camp, which was two days' journey from the town, stating that the members of the party were enjoying themselves and expected to return about November 1. The letter was two days on the way to Cody. After that the storms came on and nothing has been heard from Colonel Cody's party since.

1840 FELLOWS

Will Meet Tonight at Home of Mr. Fred Kamleiter.

The 1840 Fellows will have a meeting tonight at the home of Mr. F. Kamleiter, on Kentucky avenue. Nothing has been left undone to make it a success. The 1840 Fellows is an organization of men born in that year. The organization was instituted years ago by Police Judge D. L. Sanders, deceased. Each year an outing was given, generally at Wal-lace park. In the past several years members of the association have passed away and resolutions of respect will be passed for those who have died. The 1840 Fellows who have died were: L. P. Rasor, D. L. Sanders, William Peel, T. A. Moss, Ross Nelson and Wes Arnold. At Mr. Kamleiter's tonight the guests will be entertained with a lunch and refreshments. Wives of the members will attend the meeting.

FEARS VENGEANCE OF MASONS.
Suicide of Missourian Who Believed He Had Revealed Secrets.

Joplin, Mo., Oct. 31.—Impressed with the idea that he had revealed secret work of the Masonic fraternity in a dream and that he was marked for assassination, J. C. Hudson committed suicide here this morning by drinking carbolic acid and cutting his throat. The first known of his hallucination was when he told it to the physician called to attend him. He declared that he had learned Masonic secrets and this was known to members of that organization. Every member, he believed, had sworn to kill him, and the only escape from assassination was through suicide. Hudson was 38 years old. He leaves a family.

FREEDOM

WAS TOO MUCH FOR MRS. SWEENEY AND SHE GOT DRUNK.

Allowed Meal to Burn on Jail Stove While She Celebrated Joyful Occasion.

After retiring as involuntary prisoner cook at the county jail and accepting the position as a free woman, Mrs. Eliza Sweeney, with many allies, ran away to indulge in the flowing bowl yesterday, leaving the prisoners' dinner to burn up.

Mrs. Sweeney was given a jail sentence for disorderly conduct. She claimed she liked the life. She was made cook and given liberties others did not enjoy. When told that her sentence had expired and she was a free woman, still remained at the jail to cook. She fell down on her first meal, however.

Mrs. Sweeney is a well known character in the courts, and spend a great deal of her time doing time either in the big jail or city lockup for her petty offenses.

POISONING OF PRISONER.

Will Be Carefully Investigated by the Authorities.

New York, Oct. 31.—Coroner Shrady and Charities Commissioner Corky began a rigid examination into the death of Antonio Spinelli, a prisoner in the Tombs, charged with murder, who was poisoned with morphine which they believe was sent to him in a pear by some of the relatives of the man he was accused of murdering.

A strange feature of the case is that although the prisoner shot and killed his brother-in-law in September 24 and since has been a prisoner in the Tombs, his wife had been bringing him food every day. The Tombs authorities are of the opinion that the enemies of Spinelli had been watching his wife's actions and took advantage of her regular visit on Saturday by leaving a bag of pears at the Tombs prison gate for the prisoner shortly after his wife had left. Thinking his wife had left them, Spinelli did not hesitate to eat one after supper and immediately became ill. The autopsy today showed that the prisoner had died from morphine poisoning.

Spinelli lived in Far Rockaway when he shot Antonio Eppolito, his brother-in-law, as the result of a quarrel of six years standing.

PARK BOND ISSUE.

We take it that H. C. Rhodes by
his public interview in a measure,
stating his business reputation on
the statement that the issuance of
bonds to the amount of \$100,000 for
park construction purposes will not
increase the taxes but will really in
the end reduce them, by increasing
the assessable value of property of
the city.

Mr. Rhodes is one of the park
commissioners, and the board is
composed of business men, who have
given careful thought to the best
plan for constructing a park system,
and have hit on the bond idea as
the wisest and most economical. The
park commissioners—not one of them
is a municipal improvement crank, if
that is a term of reproach. Not one
of them is a crank on any subject.
Every one of them is a clear headed
man of affairs, who has made a suc-
cess in life, and their callings are
sufficiently diversified to bring five
widely varying points of view into
the discussion of the park question.
With this understanding of the con-
ditions under which the park bond
issue proposition was given birth, we
are prepared to agree that the
scheme is honest and free from any
suggestion of ulterior motive; the
commissioners have the intelligence
to devise a scheme of finance that
will work out; and the professional,
commercial and laboring classes
were represented in the conference
before the scheme was proposed.

Now, many erroneous ideas have
been promulgated, in some instances,
unintentionally by the newspapers.
In a general way we are assured
that the following scheme is adopt-
ed: The bonds will be for a term of
40 years. They will not all be issued
as soon as the authority is given by
the people. Assuming, for the sake
of illustration, that \$10,000 should
be needed the first year, bonds to
that amount only would be issued.
Meanwhile the \$5,000 or \$6,000 ac-
cruing to the park fund through the
5-cent levy fixed by the legislature,
will go into a sinking fund, design-
ed to pay the interest and retire the
bonds at maturity. The whole
amount of the bonds will not be

used in less than five years. That is
certain, and ten years, perhaps,
would be nearer the truth. Each
year the commissioners will estimate
the expense for the ensuing year
and have bonds issued accordingly.
The expense of maintenance during
the construction period will not be
anything, practically, after construc-
tion, naturally the maintenance ex-
penses will be far below the annual
appropriation. The probabilities are
that the bond issue will take care of
the maintenance for some years. In
40 years the accumulation from the
annual park levy, estimated at the
present assessment and rate, will
amount to \$200,000. The natural in-
crease in the value of property will
necessarily increase the annual reve-
nue, which must grow with the as-
sessment, the rate being permanent-
ly fixed. The parks themselves will
increase the assessable value of
property, as shown by the report of
City Assessor Louis Summers, of
Louisville, published a few days
ago.

The reason the commissioners
have decided on 40 year bonds is,
that they have ascertained that long
time bonds bring a better rate in the
market.
This in general is the plan. The
Sun makes this outline today. Next
Saturday night the park commis-
sioners and Hon. Hal S. Corbett will
speak on the subject at the market
house. The Sun asks you well to
study this plan, and go to the mar-
ket house primed with whatever
questions and objections present
themselves to your mind and put it
up to the commissioners to answer.
It is their plan, and they are sincere.
If you can puncture the park bond
proposition go there and puncture it;
but do not do it until after the meet-
ing Saturday night. That meeting is es-
pecially designed for those who have
not decided how to vote.

The facts brought out in the in-
terview with former Mayor James
Lang in today's issue of The Sun
should reflect a great light for the
few who are wildly talking about
the city building a new water works
system. Their great objection to the
proposed renewal of the contract
with the Paducah Water company at
a reduction of \$5,000 a year, has
been the argument that with this
contract running for eighteen years
the city would not build its own
plant during that time, and would
be limited to purchase of the water
company's plant if it desired to ac-
quire one. The facts brought out are
simply that, of the 411 fire hydrants
in use, the contracts for supplying
only 150 expire this year. The con-
tracts for the remainder expire at
different times during the course of
the next twenty years, according to
the dates on which the fire hydrants
were installed. In other words, the
original contract with the water
company provides that the city shall
pay an annual rental for each new
fire plug for twenty years from the
date of its installation. Most of the
411 fire hydrants have been install-
ed from time to time in recent years
and have a long term yet to run at
the old price, unless the new con-
tract is entered into. As one strong
advocate of building a new water
system said, the city would hardly
build a new plant, while paying ren-
tal to the water company. Under
the proposed contract the water com-
pany agrees to include all hydrants
in the rate, by which \$100,000 will
be saved to the city for the period,
during which the city will have to
pay rental on some of the hydrants,
anyway.

Mayor Yeiser is heartily in favor
of the new water contract the coun-
cil has proposed to the water com-
pany. In fact, he shares with the gen-
eral council the credit of getting
such a proposition. The contract
will have to be ratified at the elec-
tion, and should be understood by
every voter. It is published in all
the papers, and if you have not read
it, you should do so. It means a sav-
ing of \$100,000 in eighteen years to
the city.

The News-Democrat continues to
harp on what the present general
council has left undone. There seems
to be no inclination to criticize its
conduct. Perhaps, wearied of this
general accusation the N-D. after
while will specify some of the sins
of omission of which the general
council is guilty.

Hallow'een, originally a night of
vigil, preceding All Saints' Day, it
became a night for witches romping.
Modern times brought with it dis-
tinction about the witches, but a redoubt-
ed vigilance for small boys. For the
first time tonight the lady will miss
the front gates in Paducah.

And now they say the president
will endeavor to prevent the mar-
riage of two blind persons lest they
transmit their deficiency. Well, love
is blind, and we wager the adminis-
tration can't name a commission to
avert the transmission of that defi-
ciency.

Teutonic femininity in Berlin was
greatly stirred by the speeches of
Mrs. Catt, the great suffragist. The
same, no doubt, who scratched the
sergeant-at-arms of the house of
commons.

And so, the "Republican general
council" through ignorance, cut the
tax rate. One of those rare instances,
in which, "I were folly to be wise."

Vote for progress and uphold busi-
ness methods.

SWORE OUT WARRANT.

Assailant.

Mr. A. K. Purdy, bookkeeper for
the Abram Weil Insurance company,
has returned from Kuttawa where he
has been attending the bedside of his
father, Dr. A. D. Purdy, who is suf-
fering from a pistol shot wound in
the head inflicted by a shot from
City Marshal William McCollum's pis-
tol. The young man swore out a
warrant against Marshal McCollum,
charging him with malicious shoot-
ing with intent to kill. The mar-
shal is out on bond and the trial
will come off when Dr. Purdy is able
to leave his bed. At last reports he
was resting well and will recover.

BRINGS SUIT FOR FIVE CENTS.

Ohioan, Refused a Transfer, Sues for
Street Car Fare.

Columbus, Ohio, Oct. 31.—Attor-
ney Erasmus Lloyd filed a suit for
damages against the Columbus Street Car
company today for the sum of five
cents, the smallest suit for damages
ever filed in this city. Lloyd was a
famous football player with Ohio
State University, and alleges that he
was refused a transfer to the West-
erville line, when the franchise explic-
itly declares that a transfer shall be
given.

DIVORCE

Is Boomed as a Question for Nation-
al Politics by Democratic Senator.

Milwaukee, Wis., Oct. 31.—The
former candidate for the Democratic
nomination for governor Senator Er-
nest Morton, of Waukesha, who has
been appointed a delegate from this
state to the congress to meet at Phil-
adelphia to discuss the divorce prob-
lem, believes that before the next
campaign the question will be a po-
litical issue both in state and national
campaigns.

WILL MEET IN PADUCAH.

journs.

Drs. C. E. Purcell, P. H. Stewart,
C. H. Brothers, H. M. Childress and
E. R. Earle have returned from at-
tending the Southwestern Kentucky
Medical society meeting at Dawson,
Ky. The next meeting will be held
in Paducah next May. The meeting
just closed was well attended and the
papers read were excellent. Dr. Dud-
ley S. Reynolds, of Louisville, read
a paper.

Will Redeem Promise.

Washington, Oct. 31.—The presi-
dent is prepared to redeem his prom-
ise made to the Philippine people
through Secretary Taft that they
shall have a parliament of their own,
conditioned upon the good behavior
for a term of two years, and it is un-
derstood that Secretary Taft himself
will proceed to the Philippines next
spring to witness the installation of
the new form of representative gov-
ernment. March 2, 1905, the Phil-
ippine census was published, and con-
sequently, two years from that date,
March 27, 1907 under the terms of
the act of congress, the president will
direct the Philippine commission to
call a general election for the choice
of delegates to what will be known as
the Philippine assembly.

The Rigors of Cold Weather.

Probably at no time of the year
does the physical condition of the
body demand more attention than
just at this season, the beginning of
cold weather.

Let the system be run down, or the
blood impoverished to any extent and
the cold weather goes hard with you.
Naturally the thing to do is to
get the circulation in good order, and
the whole system toned up to stand
the rigors of winter.

Some physicians prescribe the daily
cold bath, others seek recourse in
blood tonics and other stimulants,
but, probably the most rational treat-
ment of all is the Osteopathic, as
Osteopathy more quickly, and more
effectively rights the blood flow and
restores normal conditions than any
other known treatment.

Osteopathy is only a natural
treatment, a method of bloodless sur-
gical manipulations to remove any
obstructions interfering with the prop-
er transference of nerve force, or
natural blood flow, or the other flu-
ids, to the organ or part involved.

I should like to have you call and
let me tell of some Paducah people
whom you know well that Osteopa-
thy has done much for, and also to
tell you what it will do in your par-
ticular case.

VOICE OF THE PEOPLE.

A Voice of Protest.

Editor of The Sun: Some of the
workers against the Republican
school board ticket are making Super-
intendent Lieb an issue in this cam-
paign, and as a citizen and patron
of the public schools I wish to raise
my voice in protest against this form
of campaigning. Were Superintendent
Lieb unfitted for his position,
dragging him into this fight would
only injure the discipline and the suc-
cess of the public schools. He is an
under contract and the election has
nothing to do with it. But, notwith-
standing that fact, I thank you for
affording me this opportunity to ex-
press my confidence in the successful
management of the public schools by
Professor Lieb, whom I believe to be
one of the best educators ever in
charge of our schools. He has
brought them up to date, has intro-
duced the latest methods in teach-
ing and has secured for the teachers
an increase in salary. The Republi-
can candidates stand on a platform,
pledging them to a policy of school
development, regardless of the per-
sonal claims and desires of any one.
Considering the nature of the pledge
and the character of the men nomi-
nated by the Republicans for school
trustees, and comparing them with
the tactics being employed to defeat
them, I am certain no mistake can
be made in electing them. Surely
the men who are jeopardizing the dis-
cipline of the schools to defeat the
Republicans cannot claim to be run-
ning in the interest of school develop-
ment.

A PATRON.

The case of Marion Lander
against the city of Paducah is on
trial in circuit court. She fell into a
ditch and broke her right arm sev-
eral months ago at Sixth street on
Kentucky avenue. The ditch she al-
leges was not properly protected.
She asks \$5,000 damages.

In the case of F. G. Rudolph, ad-
ministrator, against the Cobankus
Manufacturing company, a mandate
from the appellate court was filed and
the case stricken.

A judgment for \$65 was filed in
the case of Mary Ann Bloodworth
against G. W. Colyer.

The case of Albert Sapelli against
the Paducah Traction company was
dismissed without prejudice.

In the matter of J. Jackson, Sr.,
against Tobias Stegar, the defense
filed a motion with reasons for a
new trial. The plaintiff secured a
verdict for \$1,000, security on a note.

The jury found for the defendant
in the action of J. P. Thornton
against the Paducah Traction com-
pany. He sued for \$250 damages for
his buggy and harness. His buggy
was struck by a street car.

Hessig Appears.
Dr. H. T. Hessig today took an
appeal from the ruling of County
Judge R. T. Lightfoot on his mo-
tion to qualify as executor of his
mother Catherine Hessig. The will
named H. T. Hessig and Fred Kam-
leiter executors. The latter declined
to act. Dr. Hessig presented the
will, filed it, proved it and offered
to qualify as executor, but Judge
Lightfoot overruled the motion. He
placed the estate in the hands of F.
G. Rudolph, public administrator.
This morning the appeal was taken
to circuit court. No date of argu-
ment has been set.

LANDLORDS BLOCK LAND ACT.

John E. Redmond Declares Only
Remedy Is Compulsion.

London, Oct. 31.—John E. Red-
mond moved the adjournment of the
house of commons today in order to
call attention to the lack of progress
in the matter of reinstating evicted
tenants in Ireland, owing, as the
speaker alleged, to the landlords re-
fusing to sell untenanted lands. The
land commissioners were consequent-
ly unable to provide farms for evic-
ted tenants. Mr. Redmond said it was
obvious that the government must
resort to some system of compulsion.
Chief Secretary for Ireland Bryce
said the government had done its
best, and if the remedy was compul-
sion the government might have come
to that.

Fairbanks in the Third.
Vice President Charles W. Fair-
banks made a flying campaign tour
in the Third congressional district of
Kentucky yesterday, making several

Blackford, of 615 Washington street, Paducah, carpenter by trade, says: "It occurred to me when reading a notice about Doan's Kidney Pills that if they performed half what they promised they might cure my kidney complaint which annoyed me in shape of backache. I went to Alvey & List's drug store and got a box. If it had not benefited me I never would have bought a second, and if the second had not brought undoubted results I could not be induced to recommend Doan's Kidney Pills to friends and acquaintances personally, much less publicly."

W. C. T. U. DENOUNCES LEOPOLD.

Belgian Ruler Condemned for Conditions in Congo Free State.

Hartford, Conn., Oct. 21.—The National W. C. T. U. today denounced King Leopold of Belgium for coadjuting in the Congo Free State, which were declared "atrocities." King Leopold was held personally responsible and the resolution, which first named the Belgian government, was changed to read Leopold. Resolutions were also adopted urging that state legislatures demand an "anti-polygamy" amendment to the constitution of the United States; calling for the exclusion of Reed Smoot from the United States senate, because of his relations with the Mormon church; opposing the sale of beer or other intoxicants at army posts; advocating the making permanent of the temporary prohibition of the sale of beer at national soldiers' homes; protesting against the issuing of liquor tax receipts in prohibition territory; declaring for the highest standards of purity for men and women alike, and declaring in favor of the right of suffrage for women.

MRS. EDDY RIDES.
Declines to Be Interviewed, but Ap-
pears on Street.

Concord, N. H. Oct. 31.— Mrs. Eddy, head of the Christian Science Church, drove through this city this afternoon in her private carriage, driven by her coachman, August Fane, and with Calvin A. Frye on the box. In the carriage, sitting so that everybody in the street could see her, there was a woman who is said by numerous citizens of Concord to know her to have been Mrs. Eddy. Reporters had a good look at the woman and agreed she looked like the photographs of Mrs. Eddy. The carriage windows were not curtained and the white-haired woman sat erect like a woman in good health and full of strength.

The horses were driven at a slow trot and there was no effort to conceal the features of the occupant of the carriage, who was without a veil and carried no parasol. Many residents, all regardless of their religious affiliations, united in saying the woman was Mrs. Eddy.

LEST WE
forget—Baby is restless, can't sleep at night, won't eat, cries spasmodically. A bottle of White's Cream Vermifuge ever fails to cure. Every mother should give her baby White's Cream Vermifuge. So many times when the baby is pale and fretful the mother does not know what to do. A bottle of this medicine would bring color to his cheeks and laughter to his eyes. Give a trial.

EPIDEMIC OF SUICIDES. THE TRIP TO PANAMA

Three Young Men Take Their Lives in New Orleans.

New Orleans, Oct. 31.—There is an epidemic of suicides in New Orleans. Three young men took their lives here in one day. James J. Kendrick, a well known rice broker, in a moment of mental aberration, rushed into a neighbor's house and borrowed a pistol to catch a burglar, and used the weapon on himself.

William Pifouart, whose wife died a few months ago, could stand the separation no longer, and took carbolic acid and died shortly after.

Frank Funk, a young man who became disconsolate over domestic trouble and the death of his sister, went to her grave and swallowed a fatal dose of carbolic acid.

A MOST WORTHY ARTICLE

When an article has been on the market many years and gains friends every year it is safe to call the medicine a worthy one. Such is Ballard's Cough and all Pulmonary Diseases. One of the best known medicinal families has not been troubled with the hard's Hoarsehood Syrup. I know it has saved my children from many sick spells.

With Edged Tools

By HENRY SETON MERRIMAN
Author of "The Sowers," "Ruler's Corner,"
"From One Generation to Another," Etc.

Copyright, 1894, by Harper & Brothers

Jack Meredith looked on the blank faces with a glance of urbane inquiry. "Has anybody else anything to say to me?" he asked.

There was a dead silence. Some one laughed rather feebly in the background.

"Then I think I will go on with my breakfast."

Which he accordingly proceeded to do.

One or two of the mutineers dropped away and went back to their own quarters.

"Take it away," said Meredith, indicating the body of the dead man with his teaspoon.

"And, look here," he cried out after them, "do not let us have any more of this nonsense! It will only lead to unpleasantness."

Some of the men grinned. They were not particularly respectful in their manner of bearing away the mortal remains of their late leader. The feeling had already turned.

The position was not a pleasant one. For three months the plateau had been

A little puff of white smoke floated over their heads.

surrounded by hostile tribes, who made desultory raids from time to time. These little forces on the summit were able to repulse, but a combined attack from, say, two sides at once would certainly have been successful.

Meredith had no reason to suppose that his appeal for help had reached Masala, infested as the intervening forests were by cannibal tribes. Provisions were at a low ebb. There seemed to be no hope of outside aid, and disaffection was rife in his small force.

Jack Meredith, who was no soldier, found himself called upon to defend a weak position, with unreliable men, for an indefinite period.

Joseph had a rough knowledge of soldiering and a very rudimentary notion of fortification. But he had that which served as well—the morning eye for covert—as a marksman. He was a dead shot at any range, and, knowing what he could hit, he also knew how to screen himself from the rifle of an enemy.

Above all, perhaps, was the quiet influence of a man who never flinched from danger or seemed to be in the least disconcerted by its presence.

"It seems, sir," said Joseph to his master later in the day, "that you've kinder stumped them. They don't understand you."

"They must be kept in check by fear. There is no other way," replied Meredith rather wearily. Of late he had felt less and less inclined to exert himself.

"Yes, sir. Those sort o' men."

Meredith made no answer, and after a little pause Joseph repeated the words significantly, if ungrammatically, "Those sort o' men."

"What do you mean?"

"Slaves," replied Joseph sharply, touching his hat without knowing why.

"Slaves! What are you talking about?"

The man came a little nearer.

"Those forty men—leastwise thirty-four men—that we brought from Masala; Mr. Durnovo's men that cultivate this 'ere simlacine, as they call it. They're different from the rest, sir."

"Yes, of course they are. We do not hire them direct; we hire them from Mr. Durnovo and pay their wages to him. They are of a different tribe from the others—not fighting men, but agriculturists."

"Ah—Joseph paused. "Strange thing, sir, but I've not seen 'em handling any of their pay yet."

"Well, that is their affair."

"Yes, sir."

Having unburdened himself of his suspicion, the servant retired, shaking his head ominously. At any other time the words just recorded would have aroused Jack Meredith's attention, but the singular slothfulness that seemed to be creeping over his intellect was already acting as a clog on his mental energy.

PADUCAH FORGING AHEAD OF SOUTH

A Former Citizen Observes Great Improvements.

Better Streets and Sewers in Last Year, Fine Stores and General Advancement.

CITY NOW NEEDS SOME PARKS

It some times takes an outsider to tell Paducahans what a good town Paducah is, to make them properly appreciate the city.

Mr. W. H. Bowman, of Owensboro, a former Paducahan, who has been away now a little over two years, was in the city this week, and to some friends said, "I tell you, you Paducah people don't half appreciate Paducah. I never saw a town improve so much as it has in the short time I have been away, and I see evidences all around of a continuation of the improvement indefinitely."

"When I was a resident of Paducah, I thought I fully appreciated the enterprise, and comprehensive grasp of big things of Paducah business men, the inherent striving for improving the town, in all of its citizens, and thought I could foresee something of its future, but you are even surpassing any predictions I made for the town."

"You have fine streets now, and some of the handsomest stores in the south. You have some splendid new public buildings, and I notice you are adding an extensive addition to the sewerage system, and have more in contemplation. In every way, you are certainly going forward, and upward in the ranks of the best towns in the south."

"Owensboro is watching you, and trying to keep pace with you, and I believe the two towns will have a lively competition in the improvement line. One thing you are to have that we should like to have is an extensive park system. I notice you are to vote on a \$100,000 bond issue for the parks, and I believe it is a good thing. Parks are the things Paducah lacks now, and she should have them by all means."

Mr. Bowman was formerly a member of the firm of Dreyfuss, Well & company, and is now a member of the firm of J. W. McCullough & company, of Owensboro.

BIG LOSS LAID TO SNEAK THIEF.

Steps Taken to Hide St. Louis Sub-treasury Cash Starts Report.

St. Louis, Oct. 31.—The installation of opaque glass frames over the wire screens of the teller's cages in the United States sub-treasury as an extra precaution against sneak thieves purchasing government funds was begun today. This has given rise to the theory that a thief, by the manipulation of wire instruments, may have stolen the \$61,000 which is now the subject of an investigation. The experts, who have counted all the sub-treasury money except \$2,000,000 in silver coins, will finish their work Wednesday. The only official report of the inquiry will be given out at Washington.

Douglas, managing editor, and Charles F. Pfister, Lorenz wants \$250,000 damages because the paper published a statement saying Lorenz had paid a fine of \$25 for shooting ducks out of a gasoline launch and later used this in connection with the campaign. Mr. Lorenz in his complaint denies he was ever fined as stated and asserts the publication was made for the purpose of injuring his character.

HEARST TICKET GOES ON BALLOT

Court Hands Down Decision Late At Night.

Held Special Session All Afternoon to Consider the Question Involved.

ANOTHER POINT IS GAINED.

Albany, N. Y., Oct. 31.—The court of appeals last night handed down a decision affirming the right of the Independence League of New York City to make nomination by multiple petitions.

The court also decided that in the judicial nominations judicial certificates filed first had a prior claim and that the Independence League had a right to designate their own candidates.

The decisions were handed down at 11:15 last night following a special session of the court which reconvened at 2:30 yesterday for the purpose of hearing appeals from the appellate division order in the New York City nominations. As a result of the decision these candidates will be placed in Independence League column on the official ballot.

There has been a good stage in the rivers here throughout October. The lowest stage was 3.7 and the highest was 21.1. Rainfall for the month was nearly two inches, 1.94. Business at the wharves shows an increase over the summer months. At the ways and dry docks work has been steady, barge repairing being the principal item. Several of the big packets have gotten back into the trade and plans for starting new lines are under way.

The Ferguson & Palmer derrick boat went down to Brookport this morning to raise one of that firm's tugs, the Hazel, which sank there on Sunday. The strong wind is supposed to have swamped the Hazel.

Captain Clarence Nichols and Engineer Dan Manning, of the Fred Hartweg, came up on the Dick Fowler last night to go on the ohn Morgan with a tow of coal.

Capt. A. J. Powell, of the Barrett line, is in the city today. He is telling of a new apparatus made at St. Louis which burns oil in the furnace for making steam instead of coal. At present this invention is used particularly for house heating, but it is asserted that it can be used on steamboats at a saving of 60 per cent, or 60 bushels out of every 100. The successful application of oil fuel to locomotive purposes would argue its successful use sooner or later on steamboats.

The Sallito arrived late from the Tennessee river today and left after unloading for St. Louis.

The Clyde will clear for the Tennessee river this evening at 6 o'clock. The Little Clyde arrived from the Ohio river this morning after a protracted visit away from this port.

Two more barges were pulled out on the ways yesterday for repairs. As there is little more than caulking to be done on these barges, the ship carpenters are engaged on various jobs along the river front.

The Buttrick arrived late this morning from Clarksville and hurried on back to Nashville.

The Henry Harley was the Evansville packet today. The John Hopkins was not ready to go out on this trip.

The Royal did not get away for Goiconda till 6 o'clock last evening. The Dick Fowler left on time this morning with an indifferent trip to Cairo.

It has been suggested that the old wharfbort might be used as a vaudeville theater with the idle river men as the performers. It would be a hot show.

On account of the rapid and heavy accumulation of cotton along the banks of the Mississippi and the scarcity of boats to carry it to Mem-

pho, the Lee line steamers have been withdrawn from the Cincinnati and Memphis trade for the present to carry the big accumulation of cotton into Memphis. Soon as the cotton is all moved the Lee line boats will resume their trips in the Cincinnati and Memphis trade.—Courier-Journal.

"Tom Boy" is the name of Capt. John Breckenridge's gasoline boat, which he will launch Saturday. The boat was built here and is one of the best on the river. Capt. Breckenridge will use it for hunting and fishing.

Official Forecasts.

The Ohio at Evansville and Mt. Vernon will fall during the next several days. At Paducah will, however, be coming falling tonight or Thursday. As Cairo, will rise slowly during the next 12 to 24 hours, come to a stand then fall.

The Tennessee from Florence to the mouth, will continue falling during the next several days.

The Mississippi from below St. Louis to Cairo, no material change during the next 24 hours.

Freight Detachment.

Last evening at 7:30 o'clock an extra freight train was derailed at Kuttawa and blocked traffic for several hours. Eight cars left the rails and the local wrecker was sent out to replace the cars. It required several hours. No one was injured. The wrecker and crew returned this morning.

STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are consulting your private physician.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the entire confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice.

When a medicine has been successful in restoring to health so many women, it cannot well fail without trying it. I do not believe it will help me.

W. B. McPHERSON, Druggist.

Dr. Pierce's Favorite Prescription,

is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their harmless character, but is a medicine of known composition, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure glycerine taking the place of the commonly used alcohol, in its makeup. The "Favorite Prescription" of Dr. Pierce is in fact the only medicine put up for the cure of woman's peculiar weaknesses and ailments, sold through druggists, that does not contain alcohol and that too in large quantities. Furthermore, it is the only medicine for woman's special diseases, the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of some of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Don't forget that Dr. Pierce's Favorite Prescription, for woman's weaknesses and delicate ailments, is not a patent or secret medicine, being the "Favorite Prescription" of a regularly educated and graduated physician, engaged in the practice of his chosen specialty—that of diseases of women—that its ingredients are printed in plain English on every bottle wrapper; that it is the only medicine especially designed for the cure of woman's diseases that contains alcohol and the only one that has a professional endorsement worth more than all the so-called "testimonials" ever published for other medicines. Send for these endorsements as above. They are free for the asking.

If you suffer from periodical headache, backache, dizziness, pain or dragging sensation down the bowels, or from weak back, have disagreeable and weak, catarrhal, pelvic drain, or are in distress from being longer your men, then you may be sure of benefit from taking Dr. Pierce's Favorite Prescription.

Dr. Pierce's Pleasant Pellets the best laxative regulator of the bowels. They invigorate stomach, liver and bowels. One laxative two or three a cathartic.

It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the entire confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice.

CONVICTED GUARD WANTS NO TRIAL

End Of Prosecutions In Eastern Insane Asylum.

Family Trouble Results in Fatality in Kentucky County—Chickens Particular.

INFLUENCE OF THE CUCUMBER.

Lexington, Ky., Oct. 31.—Fred Pharris, recently convicted for the murder of Fred Ketterer a patient at the Eastern Kentucky asylum, had his attorney, W. C. Hobbs, withdraw his motion for a new trial, and the former attendant will serve the five years in the penitentiary.

Ends in Tragedy.

Harlan, Ky., Oct. 31.—A bloody tragedy occurred near the mouth of Wallins creek, in this county, yesterday, in which one man was killed instantly, another wounded and two fine mules killed. The man engaged in the fight were Green Bailey Howard and Jarvis Noe, Jr., on one side, and Jacob Noe and his brother, John Noe, on the other.

Howard was guardian for and reared the Noe boys, and their sister. John Noe had moved to Clay county some time ago, and had come back to take his sister who was still staying with Howard, back to Clay county with him. Howard objected to her being taken away so John and Jacob Noe went about dark and stole their sister away.

As soon as Howard found what had been done, he, with Jarvis Noe, Jr., followed them. When they caught up with the Noe boys there was a quarrel, and both Howard and Jacob Noe opened fire on each other. Noe was shot with a shotgun and killed instantly, but had previously fired two shots, killing the mules that Howard and Jarvis Noe were riding, and wounding Jarvis Noe in the leg. Howard is now in jail pending examining trial. Howard is a merchant and is well known.

Prenatal Influences.

Hopkinsville, Ky., Oct. 31.—Cucumber seed are in demand in Hopkinsville just now, for R. S. Green, a prominent merchant, has a flock of six healthy bantam chickens which positively refuse to eat anything except cucumber seed. This unusual appetite of the chickens is only another instance of prenatal influence. Last summer a bantam hen belonging to Mr. Green was missed at regular feeding times, and upon investigation she was found setting on a

best of 12 eggs which she had deposited in the shell of an enormous cucumber, from which she had picked the meat and seeds. In due time she hatched nine chicks. Six of these have grown to maturity without exhibiting any unusual trait further than steadfastly refusing to eat any food save the seed from cucumbers.

Big Saddle-Tree Factory.

Eddyville, Ky., Oct. 31.—The saddle-tree factory, owned by the Gray & Dudley Hardware company, of Nashville, Tenn., and operated in the penitentiary here, has been sold to J. L. Sullivan, the saddle-tree king of Jefferson City, Mo., and will be moved to that place soon. Superintendent Mike Schan, who has had charge of the factory for six years, will return to his home in Jeffersonville, Ind., and take charge of a shop there.

Were Dealing in Produce.

Maysville, Ky., Oct. 31.—A post-office inspector has discovered several rural route carriers buying and selling produce. Yesterday they had the law read to them and were warned not to repeat the offense under pen-

alty of dismissal. One carrier had a platform on the back of his wagon to carry a chicken coop. The force is now dubbed "The chicken coop carriers."

Fight 100 Feet Under Ground.

New York, Oct. 31.—The police were called late last night to suppress a riot among 40 laborers employed in dock No. 3 of the East river tunnel, 100 feet below the surface of the river. Before they could reach the scene one man was fatally injured and more than a dozen others had suffered injuries in a free for all fight.

ECONOMY IN FUEL IS THE MAIN THING

In buying a heater the thing to consider is economy in fuel, and this is the leading feature of our

ESTATE OAK HEATERS

They are built to last and give good service.

For fifteen years these stoves have been sold in Paducah.

Used more extensively than any other heater offered for sale in the city, we have yet to hear of a dissatisfied user.

Our Radiant Estate Base Burner for hard coal needs no recommendation from us. If you expect to need a base burner the testimonials of your friends and neighbors will be more convincing than anything we might say.

We'll be glad to show you both the heaters and the letters.
